

IILM UNIVERSITY

Topic - **DIGITAL DOCUMENTATION, DATA ANALYSIS AND EDUCATIONAL OUTREACH**

Internship report — Priyanshu Singh

B.Tech CSE - 3rd Semester

Roll: 25SCS1003002452

Prim Rose Shiksha Sansthan — Prayagraj | 1 Jun 2026 – 22 Jun 2026

Why this Internship?

Purpose

Apply basic digital skills to community outreach

Focus

Documentation, data analysis, educational content

Outcome

Reusable digital assets for field use

Core Responsibilities

Documentation

Maintain digital records of ground activities

Data

Organize surveys in Excel; create graphs

Content

Prepare PPTs, PDFs, posters; support social media

Operational Pipeline

- Ground activities → Digital documentation
- Excel organization → Survey analysis & graphs
- Reports → PPTs/PDFs & awareness posters
- Deploy in community outreach

Educational Content

Simple & Visual

Slides tailored for school students with low access

Printable PDFs

High-res for print and projector use

Social Assets

Instagram-ready awareness creatives

Data & Analysis

1

Survey Databases

Student & youth demographics

2

Graphs

Visualize findings for reports

3

Fund Analysis

Basic expenditure summaries

Design & Tools

MS Word

Documentation & reports

MS Excel

Data organization & charts

PowerPoint

Educational slide decks

Figma & Canva

Posters, layouts, prototyping

Google Drive

Cloud collaboration & storage

Methodology

01

Gather

Requirements & field input

02

Modularize

Break topics into bite-sized lessons

03

Visualize

Design slides, posters, PDFs

04

Iterate

Incorporate ground feedback

Deliverables

Digital Logs

Ground visit
records & follow-
ups

Analytics

Survey charts for
decision-making

Learning Modules

PPTs & PDFs for
students

Awareness Assets

Posters & Instagram
content

Key Learnings & Next Steps

Impact

Simple tools drive measurable community value

Skills

Data structuring, visual design, collaborative workflow

Future

Standard templates, automated intake, modular curricula

- ❏ Use these slides as a concise PPT — expand slides 5–9 with examples when presenting.
